

SAIN
SINCE 1973

In the pursuit of **Humanity**

To invent. To create. To solve; for Humanity.

Sain Group. Reimagined. Reinvented.

For over 50 years, we have been committed to providing the world with life-changing solutions in pursuit of the Greater Good.

As we enter a new era, we are excited to reaffirm our core values and purpose through a refreshed brand identity.

To change is to invent. To invent is to create.
And to create is to solve.
Solve. For Humanity.

By reimagining ourselves, we are positioning ourselves to better serve our customers and partners with even more effective, high-quality solutions that make a meaningful difference in people's lives.

Our Purpose

Our purpose is You.

For 50 years, we have tirelessly focused on building our strengths in manufacturing and research to meet the evolving needs of our customers.

Our commitment to crafting affordable and effective solutions has been unwavering. As we look to the future, we remain committed to pursuing innovation and excellence in all that we do, and to advancing the health and well-being of Humanity.

Founder and Visionary

The company was founded by **Shri. Radheshyam Kanodia ji**. His magnanimous and philanthropic vision has taken it to greater heights of success. Armed with business acumen and an extensive experience in the pharmaceutical industry, he has been instrumental for what Sain Medicaments Pvt Ltd is today. Because of him, Sain has successfully carved a niche for itself by making its presence felt strongly both in the domestic as well as in the international market. Under his leadership, Sain has evolved from an Indian branded generic business, into a research-driven and innovation-led organization globally. He possessed a strong work ethic and a positive attitude, regardless of the situation at hand. He always led the organization by example and doing so with honesty, integrity, loyalty and ambition. Today, he is known as a modest people man and one of the most successful pharmaceutical entrepreneurs who focused on delivering extensive value to customers through top-notch and premium quality products.

“ Be committed and determined, move in the right direction, have dreams, set an attainable routine, be mentally, physically and socially healthy and do exactly what makes you love yourself. Appreciate everything you already have in your life ”.

-Radheshyam Kanodia

The Management

At the head of the company's corporate divisions, the managerial team is responsible for inspiring each department to push the boundaries of innovation and technology with the utmost efficiency and attention to detail while also complying with global regulations and strict standards.

Girish Gupta

Chairman, Managing Director

Core Values

We thrive on **Trust**

Trust is the foundation of any successful partnership or business relationship. At our pharmaceutical company, we understand the importance of building and maintaining trust with our customers, partners, and stakeholders.

We believe that by earning and maintaining the trust of those we work with, we can better serve the needs of humanity and make a positive impact in the world.

We believe in building **Relationships**

At SAIN, we understand that our success is built on strong relationships with our customers, partners, and stakeholders. We believe that by fostering open communication, collaboration, and trust, we can create lasting partnerships that drive innovation and progress.

We are committed to listening to the needs of our customers and stakeholders, and working together to find solutions that meet their unique challenges.

We believe in **Quality** above all

At SAIN, we believe the quality of our products and services is critical to the health and well-being of our customers. We invest in state-of-the-art facilities, cutting-edge technology, and highly skilled professionals to ensure that our products and services meet or exceed industry standards.

By prioritizing quality above all else, we are able to deliver safe, effective, and innovative solutions that benefit humanity.

We are **Reliable**

Reliability is essential in the pharmaceutical industry. Our customers and partners depend on us to deliver safe, effective, and high-quality products and services on time and on budget.

We invest in rigorous quality control processes, state-of-the-art logistics and distribution systems, and highly trained professionals to ensure that we are always reliable.

STRENGTHS

Infrastructure

We are c-GMP compliant with the latest manufacturing equipment designed and built as per the uni-flow concept of man and material movement.

The company is having all the required infrastructure to manufacture the products as per WHO cGMP requirement and complies to PIC/s and EU-GMP norms. The company has a built-up area of about 85,000 sq. feet for production and storage of its products spread over 4500 sq. meters of area. In order to keep up with the industry standards, we have installed all the technologically advanced facilities.

Our entire infrastructure is wisely divided in different sections - Formulation Development Lab, Manufacturing units, Quality Assurance department, Quality Control Laboratory, Warehousing and Packaging department.

The infrastructure also includes dedicated HVAC systems with environment control (Temperature and Humidity control) at individual production steps and auxiliary areas. Complete water management system with loop, separate storage and supply management system for each category of drugs.

STRENGTHS

Certifications

Our Company is assured for offering admirable growth with up-to-date facilities, skills & knowledge, and resources that are at equivalence with the best in the country. We also boast of the modern manufacturing facilities and maintain all definite set of standards assigned by the global regulatory requirements.

SAIN and its products are certified by various regulatory bodies across the Globe. We have WHO GMP approval and ISO 9001 certification, ensuring strict compliance with international standards.

Our highly qualified and technically competent personnel have developed our entire range of products.

Our GLP certified Quality Control Lab is well equipped with ultra-modern instrumentation in Wet lab, Instrumentation room and Microbiology department.

We are constantly seeking quality certifications by independent organizations and global regulatory bodies to guarantee that we are delivering our commitment to safety and quality.

STRENGTHS

Expertise

Drawing on 50 years of experience in human healthcare, we understand and meet our client's needs with ultra-modern equipment, in-house Quality Control, and veteran pharmacists who oversee the formulation process to maintain the highest international standards.

Our commitment to continuous innovation and research to improve our manufacturing capabilities, provide our clients with the best possible service, focus on sustainability and ethical business practices makes us a trusted partner for pharmaceutical companies worldwide.

Our organisation has been built in the pursuit of humanity, brick-by-brick on the foundation of To invent, To create, To solve; for Humanity. Live Life Healthy Way has always been and continues to remain, our guiding purpose.

Stepping into the fifth decade of service to mankind, Sain's success can be attributed to its commitment to research and development. Additionally, the company's focus on patient needs has led to the development of innovative medicines that have improved the lives of millions of people worldwide as well as its focus on patient needs.

Sain is a veteran pharmaceutical manufacturing company that has made significant contributions to the healthcare industry over the years and have positioned it as a leader in the industry and a key player in the fight against diseases.

STRENGTHS

Team

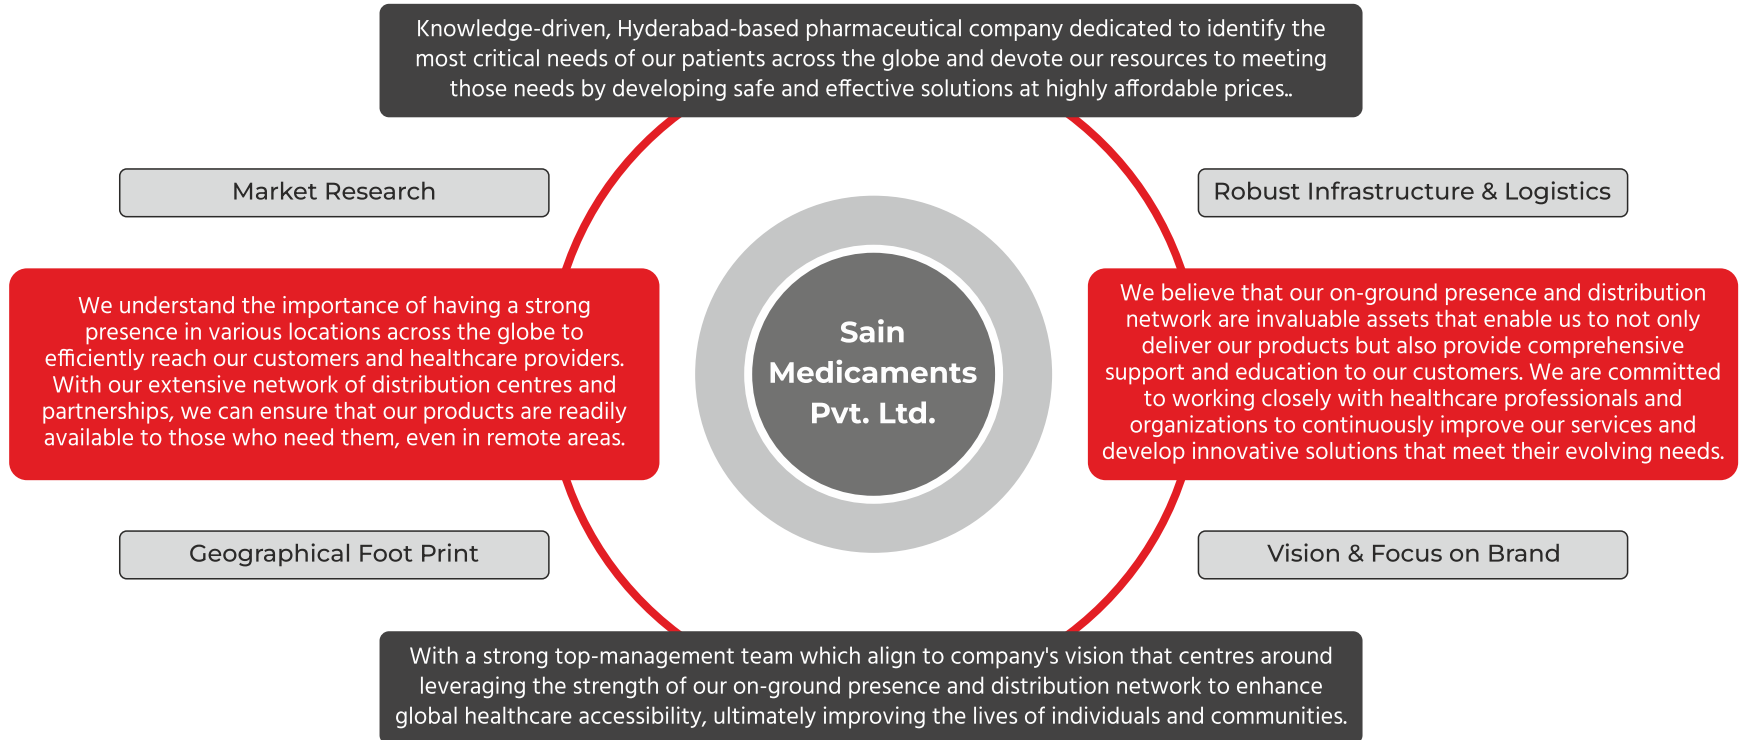

Our experienced and highly skilled team is dedicated to identifying critical patient needs worldwide and developing safe, effective solutions at affordable prices.

Our success and growth are owed to our dedicated employees, our pillars of strength.

We sincerely believe that our employees are our assets, who work with passion for providing the best healthcare solutions to mankind. Our strong commitment and a greater sense of dedication to teamwork and zeal for improving quality of life have been strong driving forces for the faster growth of the company. We impart the same belief to our marketing and distributing partners in all countries, wherever we have a presence. We dedicate ourselves to impart quality to life and better health to all the people.

Our team constantly endeavours towards the new products and strategies with and ultimate aim of organic and inorganic growth.
